Welcome students and families to Duncraig Senior High School. This information booklet will guide you through key dates, staff profiles, specialist programs and a raft of important policies.

Our vision is to provide a caring, engaging and supportive learning community, which fosters a culture of excellence to produce resilient, life-long learners in a rapidly changing world. Our core values embody the beliefs of the school community and form the RACER acronym: Respect, Achievement, Collaboration, Engagement and Relevance. Every student can gain RACER points that will honour their commitment to school activities. I look forward to future assemblies where I can congratulate them for their contribution to these values.

As the students move through the school, there will be many opportunities to develop their interests in a huge range of sporting, cultural and community activities. Our Alive Week Festival reflects the strength of student pride in the school and is an exciting time where our senior students lead the younger ones in fun activities that they will remember for many years to come. It is my great pleasure to talk with younger students on these special days about their ideas for leadership when their turn comes.

Over many years, we have continued to improve the facilities at Duncraig SHS. There has also been a substantial investment in providing a safe and enjoyable environment to support student well-being. We are very aware of the continuing demand for a place in the school as our reputation continues to grow in the community as the school of choice in the area. I am looking forward to building further upon this reputation with a commitment to outstanding, high quality teaching and learning occurring in every class. I can confidently and proudly say that our teachers are committed to their own development and work above and beyond to give your child an education of the highest calibre.

A community such as ours depends on positive communication and support. There are many ways to get involved with the community and many ways to build your own communication network among parents. I encourage you all to take every opportunity to meet other parents, get their phone numbers and stay in touch as much as possible. Duncraig prides itself on communication but we can always do better if we have your constructive feedback. So please get involved and tell us what we do well and where we can improve.

I look forward to working with you throughout next year.

Kind regards

Peter Lillywhite

STUDENT SERVICES & SCHOOL SUPPORT

At Duncraig Senior High School an extensive pastoral care system exists to support and guide our students. The following are some of the people who will be able to guide and assist students at various times.

FORM TEACHER
Form teachers play a vital role in pastoral care, attendance, monitoring of absences, disseminating information, checking on the school diaries and other administrative duties. Each Form will have at least one student Form Representative. These students have responsibilities such as meetings with Year Coordinators, and supporting their Form Teacher. Form meets for twenty minutes commencing at 10.40am, four days each week (excludes Wednesdays). Attendance at Form is compulsory.

YEAR COORDINATOR
Year Coordinators are appointed to:

- Support students personal and social development
- Provide a link between the parents and the school staff
- Assist in the monitoring of student performance
- Assist in the monitoring of behaviour of students – Students and parents are encouraged to discuss with their Year Coordinator or other members of the Student Services Team any concerns they have which may affect learning and wellbeing. Parents need to immediately contact the relevant Year Coordinator if the following occurs:
  - Changes in your child’s medical condition that the nurse and teachers should be made aware of to ensure a suitable learning environment.
  - Long absences due to illness or other reasons
  - Changing Circumstances in the home that significantly affect your child
  - Concerns about your child’s performance at school
  - Changes in behaviour that differ noticeably from previous behaviour.

STUDENT SERVICES MANAGERS
The role of the Student Services Managers is to closely monitor the achievement of all students across the school. They liaise closely with Year Coordinators, Heads of Department and classroom teachers to build an individual profile of each of our students. These non-teaching positions have been created to maximise the achievement of students. Do not hesitate to contact the Student Services Managers for an interview if you have any concerns about your child’s achievement throughout the school year.
NURSE
The Nurse is available to counsel and attend health concerns. The nurse is available every day. If students are feeling unwell or are injured they should report to the School Nurse or Student Services if the Nurse is not available. Treatment will be undertaken at the Nurse’s discretion and in the case of a medical emergency, parents will be advised. If we are unable to contact the parents in an emergency, students will be taken by ambulance to a hospital at the parent’s expense.

Note: It is important that the school is notified of any change of address or other contact details so that it is possible to contact someone in an emergency. No student will be permitted to leave the school without permission.

SCHOOL PSYCHOLOGIST
The School Psychologists main role is to help youth succeed academically, socially, and emotionally in school. To do this our School Psychologist works with the Student Services Team. Some of the issues with which the School Psychologist can help are:

- Personal matters relating to schooling
- Emotional/Motivational/or Organisational matters
- Skills training affecting attitudes/behaviours
- Psycho-educational assessment and educational planning
- Crisis Management support when significant incidences occur

The Psychologist accepts direct referrals from students, teachers and parents. Concerned students/parents are encouraged to first discuss their issues with teachers, Year Coordinators and School Administration prior to referring to the Psychologist. Complex issues requiring more in-depth support and intervention will be handled confidentially by the School Psychologist and will often be referred to other community based agencies.

CHAPLAIN
The Chaplain at Duncraig Senior High School is a vital part of the Student Services team and the school community. The Chaplain builds positive relationships with students, staff and the local community and is available to help in times of need or crisis.

Broadly, the areas of work include:

1. Care and Support

The Chaplain relates well to students and offers a listening ear, understanding and encouragement through pastoral counselling and mentoring.

2. Community Resources

Provide the school community with information on programs and services offered by local youth groups, churches, youth services and other community organisations.

3. Groups and Programs

Running and participating in programs, activities and camps that help students improve confidence, social skills and maximising potential.
SAER COORDINATOR
The role of the SAER Coordinator is to work with teachers, parents, students and appropriate outside agencies to provide a range of effective and appropriate adjustments to an individual student’s learning programme. This is to ensure access, participation and achievement in all areas of their schooling. Adjustments are provided on a needs basis for each individual. Parents are encouraged to contact the SAER Coordinator Mrs Helen Womersley to discuss their child’s individual learning needs on 6241 5000.

VOCATIONAL EDUCATION AND TRAINING COORDINATOR
This Co-ordinator has a number of roles within the school community relating to:

- Vocational Education and Training Programs
- VETis – External training courses provided by a range of training institutions (including TAFE)
- Workplace Learning (WPL)
- Work Experience
- Career Guidance
- School Based Traineeships (SBT’s)

There are three parts to SEQTA. These parts are SEQTA Learn for students, SEQTA Engage for Parents and SEQTA Teach for teachers.

SEQTA Learn

On this site students have access to daily notices, subject resources, assessments, results, teacher feedback and can submit work. Individual usernames and passwords are provided at the start of the year. If a student forgets their password, they can ask a teacher to reset it.

SEQTA Engage

On this site parents have access to daily notices, subject resources, assessments, results, teacher feedback. Instructions on how to set up a new account is emailed to all families. If parents have issues accessing SEQTA Engage and/or have forgotten their password, please contact the school.

PERSONAL ITEMS LISTS

Each student will require the right equipment and resources to successfully participate in the classes during the year. To ensure your child is ready for class, we provide a Personal Items List for each year group. Items can be purchased from any provider or via our partner, Campion. We work closely with Campion to ensure a comprehensive one stop shop is provided to parents while achieving value for money on your behalf. Campion provide free delivery of your items if ordered prior to 13 December 2019 or your order can be collected at either their Malaga or Willetton store.
We appreciate every family’s financial contribution to the cost of schooling their child with proceeds enriching and improving the curriculum and opportunities for our students.

Families are advised by December each year as to the maximum costs that could be applied for the following year. Contributions are applied to Year 7 to 10 students and are legislated to a maximum of $235.00 per year however compulsory charges are dependent on the actual cost and the student’s participation.

**Year 7 – 10:** Voluntary Contributions are directly applied to each learning area to support your child’s education by enabling the school to purchase extra materials, services and resources that are used daily in the classroom. At $235.00 per year, this works out to less than $6 per week or $58.78 per term.

**Year 7 – 10:** Extra cost options (charges) are applied for optional activities such as year book, excursions, after school activities, competitions, camps etc. and are only incurred should your child participate in the activity. Please note that some subjects in Year 7-10, including Triathlon, attract a subject charge. We work on a cost recovery basis and keep costs to an absolute minimum, to maintain maximum value for money for our families. This cost is compulsory once the student commences.

**Voluntary Approved Requests** will be applied towards:

Technology – providing state of the art equipment such as 3D printers, high specification computer laboratories, virtual reality equipment and robotics.

Parents and Citizens (P&C) Contribution – the P&C donate funds to the school to supplement funding or purchase additional equipment. We are very grateful to our active P&C who, in 2019 provided funding for our Alive Weeks Festival, Silent Disco equipment, Year 12 Presentation Night and new lockers.

Library – improvements in the Library space, including furniture, automation and resources.

Chaplain – supporting our full time Chaplain program.
