

DUNCRAIG SHS ONLINE

In these unprecedented times, it is critical we share a common understanding of what is important to our new school environment and working in self-isolation.

Our school motto **CARE – ENGAGE – EXCEL** is our guide to success during these challenging times:

CARE

- Care for yourself by prioritising your physical and mental health
- Care for your family, friends and the community
- Care for your teachers who are working hard to bring you the best possible learning experiences

ENGAGE

- Engage with the technology to support your learning the best you can
- Engage in communication with your teacher and classmates to seek, or provide help and support
- Engage in the kinds of online behaviour you would be comfortable sharing publicly

EXCEL

- Excel in your attitude and online behaviour
- Excel by remaining open to rapidly changing, new ways of learning and attending school
- Excel in your efforts to stay motivated and achieve to the best of your ability
