

ANTICIPATED ADDITIONAL COSTS 2024

Charges for optional activities are dependent on the student participating in the activity i.e. excursions, special programs or general school involvement. Charges to families are calculated on a cost recovery basis and every effort is made to keep the costs to a minimum. The amounts shown are a guide only and represent the **maximum** cost that **could** be charged, however these activities are not yet confirmed, therefore may not occur during the school year.

Learning Area/Activity	Year 7	Year 8	Year 9	Year 10	Year 11	Year 12

On occasions, our students are successful in various competitions, eg Optiminds, which means that interstate trips may have to be organised at short notice. The school will subsidise the cost, however, parents could be asked to contribute towards the trip up to a maximum of \$1500.00.
